CCLr Brian Johnston	
<b>2. Police Update</b>	
Non-attendance.	
<b>3. Elected Members Update</b>	
Cllr Long: ~10% [of Glasgow's?] asylum seeker population is in Haghill/Dennistoun. A 'welcome pack' to be compiled. LB expressed interest in compiling this document and bringing draft back to elected members and DCC.	LB
Cllr Casey: There's been a rise in drug paraphernalia cases, especially south of Duke St. Thought to be a displacement as a result of a crackdown in Calton. Dumping on Appin Road was cleared up after SEPA got involved. Included planings and spoil from Duke St resurfacing works. New bike stands along Duke street have been installed. Footway and road resurfacing and maintenance priorities are requested. War memorial. Processions.	
<b>4. Minutes from 14th August Planning Meeting</b>	
To be noted for information as meeting of 14 August was not quorate.	
<b>5. No 'Item 5' noted on agenda</b>	
<b>6. Matters arising – DCC Response to Scheme of Establishment Consultation</b>	
Documents and links from Community Councillor briefing page had been circulated and LB hadn't received any further commentary from CCLrs so the response of earlier in the year did not require updating. DCC's representation was taken into consideration and as a result the ward boundary changed mirrored what DCC had proposed in the consultation response.
